

# Health and Environment

Get the latest science on how our environment can shape a lifetime of health—and even pass across generations. Find out about Oregon's new toxics law, planning for climate change, and what's happening federally to connect health and environment. Go home with practical tips for how to protect health in your family, your neighborhood, and your state.

The **Sustainable Living Center at Pringle Creek Community** is sponsoring the **Oregon Environmental Center** at Painters Hall

Tuesday evening, September 15th from 6:00 - 7:30 p.m.

Painters Hall at Pringle Creek Community  
3911 Village Center Dr SE

Join us for this FREE event!

Learn how your choices affect the health of your family and the environment
